

## Portable Humidifier

- ◆ No high pressure pumps
- ◆ No air compressor
- ◆ No nozzles
- ◆ Over 30 gallons per hour
- ◆ Only 1/2 HP

### Fast "Off the Shelf" Delivery

Constructed from non-metallic components whenever practical. These units stand up to most corrosive chemicals found in storage buildings.

Humidifiers are available in portable on wheels, ceiling suspended, or floor standing models.

Our equipment is available for fast shipment (one or two days in most cases).

Replacement parts for all humidifiers in the industry are available.
